

Accurate Records

Your business may not require a bookkeeper, but it does require an accurate record of all money received and paid out.

No matter what your business is, this record is essential. A checking account at this Bank furnishes such a record.

You will be greatly pleased with our plan.

President Sproule Southbound Saturday

President Sproule of the Southern Pacific went through Ashland Saturday on his return from an inspection trip north. He states that the passenger traffic on his road has fallen off one million dollars in the past two months and that the officials are busy trying to readjust train schedules to meet the changed conditions. He thinks next year will be a great one in passenger traffic as Americans heretofore summering in Europe will come to the coast. He says the tight condition of the money market will continue for at least ninety days and may not become normal for six months, or until after the stock and bond market has been again opened and it is known just how much of European held securities will be forced on the market.

City Receives Electric Range

The city is today in receipt of a fine new electric range for demonstrating purposes. The use of electricity for cooking purposes is to be encouraged, for in this way the surplus current during the daytime can be used up. The new stove will be set up in the recorder's office, and will be on sale as well as demonstration.

Robert Spencer Elected Manager

In a meeting of the executive committee held Friday at the high school building, Robert Spencer was elected as business manager of the high school annual, "The Rogue." In the same meeting Harold Simpson was chosen to take the place of Neal Shinn, who will not attend this winter, as vice-president for the juniors. Elbert Farlow was chosen as student body treasurer, and Vern Carter was elected as freshman vice-president.

Robert Spencer will certainly make a good business manager, and much hope is expressed for the financial success of the annual this year. He will appoint his assistant later. We can hope for a rip-roaring paper, with Kenneth Lilly as editor and Spencer as business manager.

To Sing The National Hymn

J. Percy Wells, county superintendent, has issued the following circular letter to the teachers of Jackson county:

"The Star Spangled Banner," which is our national anthem, was written on September 14, 1814, and it is proposed that we celebrate the centennial anniversary of this event by having this hymn sung in all the schools of the state, both public and private, at noon on September 14 of this year.

Teachers of Jackson county are urged to join this splendid movement and have their pupils lift their voices in patriotic service by singing "The Star Spangled Banner" at noon, Monday, September 14."

Fair Season In Full Swing

The county fair season is now in full swing and this week will see exhibits staged at Baker, September 14-19; Corvallis, 17-19; Canby, 16-19; Roseburg, 16-19; Gresham, 15-19; Heppner, 17-19; Ontario, 15-19; Dallas, 17-19, and Tillamook, 15-18. Next week fairs will be held at Myrtle Point, September 23-26; Gearheart, 24-26; Eugene, 22-25; Toledo, 22-25; The Dalles, 23-25; Forest Grove, 23-25; Fossil, 22-23; LaGrande, 22-24; McMinnville, 23-26; Klamath Falls, 24-26, and Pendleton, 21-26. The Round-Up will be the feature of the last three days of the week at the latter point.

Night Study for Business Course

The Klamath Falls Northwestern informs us the county high school in Klamath Falls will open this week with a night school for the study of the commercial course. G. C. Smeltzer, a competent instructor, will have charge. This night school will broaden the scope of high school work very much as it offers its training to boys and girls not going to school, but who are working in the daytime.

The Klamath Falls high school will also have a course in stenotypy, or "machine shorthand," this offered in addition to shorthand, bookkeeping, commercial arithmetic, typewriting, penmanship, etc.

Grade Children to Have Athletics

The children in the East and West schools are going to get a taste of athletic exercises. Under the direction of Miss Engle and Professor Millam they will have athletic drills after school hours, when the little folks will be taught to play such games as "three deep," "drop the handkerchief," and many games that have been lately introduced as a means of furnishing proper exercise for the younger children. The older children will be trained in outdoor baseball, outdoor basketball and volleyball.

The newspaper man is blamed for a whole lot of things he can't help, such as using partiality in mentioning visitors, giving news about some folks and leaving others out, etc. He simply prints all the news he can find. Some people inform him about such things and others do not.

One-half hour each day spent in diligent work will keep the lawn and premises surrounding any house in our town in apple-pie order, and make our city the garden spot of our fair state.
